Attorney's Docket No.: 10887-014002

REMARKS

This supplemental amendment is to correct and replace the claim amendments made in the response to the restriction requirement filed October 27, 2004. Originally filed claim 33 was inadvertently omitted from the amendment. This preliminary amendment shows the originally filed claims as well as the previously added claims 34-38 (previously numbered 33-37), which are now correctly numbered.

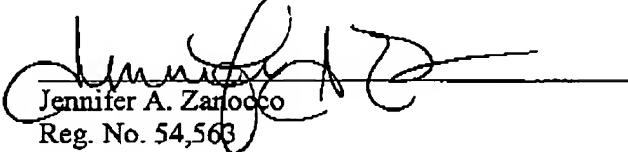

The applicant respectfully submits that claim 33 is directed to a method of separating a polymer mixture. The applicant elects claim 33, in addition to the previously elected claims.

Applicant asks that all claims be examined in view of the amendment to the claims.

No fee is believed to be due. If, however, there are any charges or credits, please apply any other them to deposit account 06-1050.

Respectfully submitted,

Date: November 18, 2004
